CERTIFICATIONS

Certification in Data Science & Machine Learning

Illinois Tech US

Aug 2023 - Jan 2024

Data Science & Machine Learning

Entri Elevate

Aug 2023 - Jan 2024

- Covered topics including data analysis, data visualization, statistical modeling, and machine learning algorithms.
- Developed projects demonstrating practical applications of machine learning in various domains.

PHP - MYSQL WEB DEVELOPMENT

Sinet Logics

Feb 2023 - Jun 2023

EDUCATION

Plus Two — Commerce, in progress.

Govt HSS Kodumunda, Calicut University

Jun 2019 - Mar 2021

Palakkad, Kerala

PROJECTS

Sleep Disorder Prediction

- Conducted a thorough data analysis on sleep disorder problems of different class data
- Collected, cleaned and processed the dataset ensuring data quality and integrity

Car Rental System DBMS Project

Created a fully functional e-commerce website for a Car Rental System

WORK EXPERIENCE

Artificial Intelligence & Machine Learning - Trainee

Tinos Software and Security Solutions LLP

Dec 2024 - Present

 Working on AI and ML models for real-world applications, collaborating with the team on research, implementation, and deployment of AI-driven solutions.

Data Analyst – Intern

Jun 2024 – Aug 2024

Entri Elevate

Collected, cleaned and processed large datasets from various sources, ensuring data quality and integrity.

PHP - MySQL Web Developer - Intern

Jul 2023 - Oct 2023

Sinet Logics

• Developed and maintained web application using PHP and MySQL

SKILLS

Programming Languages: PHP, Python, SQL, MySQL **Web Development**: HTML, CSS, jQuery, Bootstrap

AI & ML Tools: TensorFlow, PyTorch, Hugging Face, OpenAI API, AutoML, LangChain

Techniques: Hypothesis Testing, Recommendation Engines, Customer Segmentation Analysis

Tools and Frameworks: Elastic Search, Python Libraries (Pandas, Numpy, Keras, Scikit-learn), Hadoop, Git

Data Visualization: Tableau, Microsoft Power BI, Microsoft Excel

Soft Skills: Analytical and Problem Solving Skills, Attention to Detail, Collaboration and Teamwork, Communication and Presentation Skills, Data Visualization, Time Management and Prioritization, Self-Motivation and Continuous Learning
